Executive Summary

Description A participant can load the demographics questionnaire admin editor and make changes. ## Technical description The demographics questionnaire editor should require admin access, but the route under `/admin/demographics/questions` renders the editor interface without checking whether the caller is an admin. A normal participant can load the page and see the live update form action, which proves the protected interface is reachable. Reproduction steps: Step 1. Sign in as a normal participant: Open `http://localhost:3000/users/sign\_in`. Step 2. Request the admin-only editor directly. Open `http://localhost:3000/admin/demographics/questions/edit\_questions` in the same browser. Step 3. Add another question:  Note that access was denied when attempting to see question responses or settings. ### Impact - Low-privilege users c
